Professional Summary

Computer Science graduate and full-stack web developer with hands-on experience in MERN stack, React, and Java. Skilled in building responsive UIs, developing REST APIs, and delivering 3+ full-stack applications with smooth user experience and secure backend integration. Quick learner and problem-solver, eager to contribute to dynamic development teams.

Professional Experience

Web Developer Intern

Sep 2025 – Nov 2025

UM IT Solutions, India

- Developing predefined web applications using React, Node.js/Express, and MongoDB, ensuring responsive and user-friendly interfaces.
- Integrating backend APIs and collaborating with team members to meet project requirements and timelines.
- Technologies: React, Node.js, MongoDB

Web Developer Intern

Sep 2025 – Sep 2025

Jamuna Foundation, India

- Implemented 3 MERN stack projects with responsive frontends and robust backend APIs, delivering all projects on time.
- Technologies: React, Node.js, MongoDB

SEO & WordPress Intern

Sep 2022 – Oct 2022

Asiana Times, India

- Optimized WordPress websites using Yoast SEO and performed on-page SEO (meta tags, headers, internal linking) to increase organic traffic.
- Technologies: WordPress, Yoast SEO

Projects

- Music Player App (React, Redux, API)
  Implemented a music discovery app integrating Deezer API and Lyrics.ovh with song search, top charts, and lyrics display, offering a seamless listening experience. Live Demo

- Clinic Management System (MERN Stack)
  Developed a full-featured clinic management platform with patient management, tokens, prescriptions, and billing, improving operational efficiency and workflow. Live Demo

- University Management System (React, HTML, CSS)
  A responsive university management platform with modern UI, smooth navigation, and component-based architecture, demonstrating best practices in front-end development and responsive design. Live Demo

- Community Project Tracker (MERN Stack)
  Built a full-stack platform for managing community projects with CRUD operations, project updates, and user interactions, enhancing project tracking efficiency. Live Demo

- Educational Quiz Platform (MERN Stack)
  Implemented an interactive quiz platform with user authentication, quiz participation, and leaderboards, boosting engagement and learning experience.
